ECS Configuration Change Request

CCR No. 97-0179	Logged Date 2/13/97	Rev. -	Request Type CCR

Priority Routine ☐ Urgent ☐ Emergency ☒	Affected Release	Change Class I I

Title (description)
Installation of Sun COTS software to support ICO development effort

Documents Affected	Source Nos (RID, NCR, Action Item, GSFC CCR, etc.) or Tech Reference

RTM Change ☐   **Start New Baseline** ☐

Problem
Landover was awarded a contract to design and develop mission planning software for the "ICO" project run out of HITS in Denver. The Sun development hardware, C++ compiler and database have been installed (Sun Ultra "mirfield"); however, the following software were only recently procured: Roguewave Tools.h++, DBTools.h++, Purify and Netscape. Development schedules will slip if these COTS packages are not installed in a timely manner.

Proposed Solution
Install and configure Roguewave Tools.h++, DBTools.h++, Purify and Netscape on the Sun "mirfield" (IP# 155.157.115.31).

Tony Cetuk (3092B, x0421) has the software packages.
